

# CASE STUDIES

**GOSSOUTDOOR**

shading systems

**AYLESBURY PROJECT, BUCKINGHAMSHIRE | ORION CASSETTE AWNING | Awning System**

One of our awnings has been installed successfully for our client's home to make the garden usable in any climate condition.

Our Client Mrs. DT now has a garden with the view of our amazing orion cassette awning. The orion cassette awning looks con ident and great in the private garden with Victorian Fringe. The choice of fabric and aluminum colour is just perfectly matched with the rest of the decoration.

ORION series system comes with a Retractable & Ready to Mount system, complemented by a chosen fabric via you from GOSS Outdoor. This product comes standard as a motorised operation with remote control. In this project, our clients have chosen Sattler Lumera awning fabric from a grey colour range which is called "fjord 338 644". Mrs DT said that she needed awning because of the outside is very sunny and they needed to something to restrict sun to coming in.
