AZURA RESTAURANT & BAR, LONDON | Awnings, Retractable Pergolas & Bioclimatic Pergolas

Say hello to one of our biggest commercial projects yet!

We, at GOSS Outdoor, have been able to work very closely with the gorgeous Azura to be able to create a stunning outdoor landscape and provide Azura with so many different options for seating their guests.

Our Zeus Independent systems stand beautifully and blend seamlessly into the architecture Azura already has, surrounded by the gorgeous decoration of greenery and gold! The Tailor made R5 Segmental Pergolas, create a more secluded, cosy space - perfect for a date night or even for a private gathering of loved ones and friends. Finally, the use of our awning systems really make the surrounding of outside Azura pop with their classic shape, and their gorgeous shade of blue compliments and matches the luxury colour scheme Azura already possesses.

Invest in your business with GOSS Outdoor now and start creating, welcoming, luxury landscapes for your customers to enjoy and not stop talking about. Do the best for your business!
