**LEICESTER PROJECT, EAST MIDLANDS | Orion Plus Luxe Cassette Awning**

The Orion Plus Luxe awning is one of the cassette awning models that comes with a ready to mount feature complemented by a chosen fabric.

The awning comes standard as a motorised operation with remote control. The LED integration feature of this model allows endless hours of pleasure after the sun goes down. Orion Plus Luxe awning casts perfect mood lighting for enjoying alfresco dining at any time - making evening gatherings or family barbecues even more special.

Another Orion Plus Luxe awning project completed in a private garden in May 2021. It provided shading on the outdoor seating area and made the place more comfortable.
