WIGAN PROJECT GREATER MANCHESTER | ORION PLUS CASSETTE AWNING | Awning Project

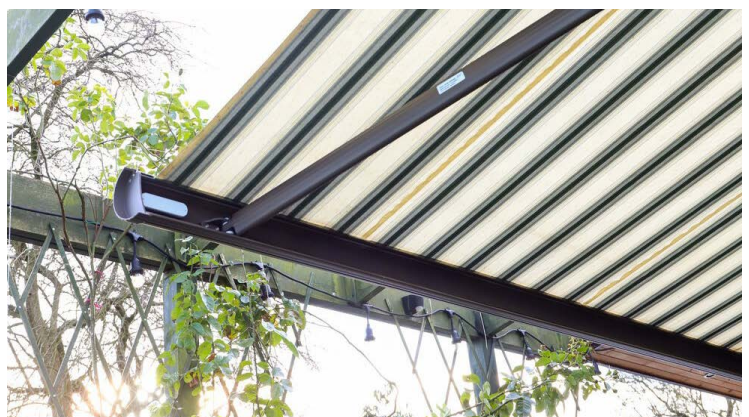

Vibrant, flexible and extremely functional - another successful project completed for our beloved customer JH, who lives in Wigan.

Mrs JH had envisioned a simple and effective outdoor space solution with the very accommodating design of our Orion Plus Cassette Awning. This awning project, now completed, can allow our dear JH to completely enjoy her outdoor space, whether it is raining or sunny.

Her comments post-installation were as follows: "We adore our new awning! I was especially impressed with their punctuality on the day of the installation, and their ability to complete the setup all in one day!"

Our awning range can easily renovate your garden look into a fairy tale. With affordable prices, ORION series is one of the most preferred awnings. It allows you to use your garden in rain or sun.
