WORSLEY PROJECT, GREATER MANCHESTER | Subulate Quercus Minima | Retractable Pergola

Another retractable pergola project has been completed by our team in April 2020. The subulate Minima system perfectly matched the "spring atmosphere" in this garden. Our customer said that they like the luxurious look of the pergola very much, they also added, "it's the best innovation that can be made to the garden."

In this project, the width of the pergola is a 7050mm and the projection is 2400mm. The fabric choice was a SIOEN B8118 | 7024 Dim Grey. The powder coating on the main frame RAL 7016 Anthracite Grey with Matte Surface Finish. There are also spot lights on the pergola which make it even more stunning!

Retractable pergola system that creates a stylish and pleasant architectural outdoor space for your all-year-round everyday use.
