WORSLEY PROJECT, GREATER MANCHESTER | B-CUBE FREEDOM | Bioclimatic

In this project, the outdoor living space has a double module of B-Cube Freedom. Double B-Cube Freedom is protecting a large area from rain and sun in the garden. There are also motorized blinds on four corner of the pergola. You can direct all of them separately from a single remote or you can use them all at the same time. The remote control provides to controlling the system all of them separately or all of them at the same time. The project, which we completed with 4 heaters and led lighting system with the dimmer operation, is now ready. Now It's time to have a barbecue party with family and friends any season in a year.
